# Hello'

Welcome to our company Texweave. Texweave under the umbrella of TAD Group.

TAD Group's operations are diversified into more than seven different business areas. These include Fashion Trade, RMG, Buying, Engineering, Logistic, Automobiles &, etc.

We are a Team of Creative – Proactive – Experienced – Honest and Energetic Dynamic people. We bring to you Ethical Trading – Product Security – Product Innovation and a Stable consistent Supply base. Best practices – Better conditions – Flexibility – Speed are core values at Fusion. A “Multi-Product One Stop Shop” for all your Fashion Sourcing needs.

*Ashikur Rahman Tuhin*

Managing Director,  
TAD GROUP

# WHO WE ARE

TEXWEAVE STARTED ITS JOURNEY IN THE EARLY 2000'S, AND OVER THE YEARS.

Texweave has started its journey in the year 2000 with a humble beginning. Since then the Texweave has gradually grown up as one of the most successful buying agencies in Bangladesh. we are also ISO 9001-2008 certified Company in the Bangladesh garment arena. We are always prepared to allay to meet the good quality of product at a comparative price and render our best service. we are promised to produce world-class textile and non-textile products of men's, women's, children's, and kids for your hyper supermarket. Our target is to provide the best possible service to secure the order/sampling program by a highly skilled team. On top of that, each and every program is closely monitored by the management/ team on a daily basis to avoid mistakes and make the customer more relaxed. Keeping in mind, we update in accordance with the contemporary fashion and made a handy collection for each season.

We  
Believe  
on  
Quality

# WHAT WE DO

We want to share with other people. That's why we ask questions until we are sure of what the customer needs. We do not simply fulfill requests. We think ahead about where things are going. We offer creative and technical support at every step, for washes, colors, fabrics, sourcing materials, quality. For fit, design, and product development.

# GROWTH IN 2020

## Q1 to Q4

We are always prepared to allay to meet the good quality of product at a comparative price and render our best service. we are promised to produce world-class textile and non-textile products of men's, women's, children's, and kids for your hyper supermarket. Our target is to provide the best possible service to secure the order/sampling program by a highly skilled team.

## SUSTAINABILITY & INNOVATION

# TEXWEAVE RESPONSE

We actively promote and participate in efforts to improve sustainability. It is NOT just fashion that is simply made from sustainable materials. The responsibility goes further than this, and spans across the entire value chain.

Better Cotton Initiative (BCI), making global cotton production better for the people who produce it, better for the environment it grows in, and better for the sector's future.

Oeko-Tex standards, certifying products are free of harmful chemicals and are safe for human use.

Global Organic Textile Standard (GOTS), processing standard for organic fibers, including ecological and social criteria, backed up by independent certification of the entire textile supply chain.

Global Recycled Standard (GRS), intended for companies making and selling products with recycled content. This standard applies to the full supply chain and addresses traceability, environmental principles, social requirements, and labeling.

“We are proud  
of the product  
and the process  
behind”.

# Philosophy

We know how the world of fashion turns. We have good people and good partner factories. It's the people that bring you to a higher level. We are a global fashion company and we love the people we work with. For us, work is only meaningful if you approach it with passion. As a force for good in the world.

We believe in transparency and direct channels in a business that is fast-paced and challenging.

# Quality

## Control + Assurance

Texweave puts a lot of emphasis on quality products and quality management. Therefore, the planned and systematic activities are implemented in a quality system so that quality requirements for the garments are fulfilled. Our Quality Assurance also includes management of the quality of raw materials, fabric and color composition, products and components, services related to production, and management, production and inspection processes.

Tested quality control processes along with inspections at regular intervals allow us to deliver orders on time and within the required quality standard (AQL 1.0 – 4.0).

We enforce standards from the start – fabric, trims, processing (printing + dyeing), lab testing (physical + chemical), patterns & fitting, washing, finishing, packing, in-line (10% packed), mid-line (50% packed), final (100% packed).

Our team includes specialized controllers for each different and specific product category. Our controller's base experience comes from having manufactured the products by themselves and knowing everything there is to know about them.

Compliance

# Social & Technical

The goal is to help designers from the limitations of physical prototyping while addressing the industry's priorities of saving time, reducing costs, and eliminating waste.

3D allows designers and pattern makers to make more accurate designs in less time. Showcasing with digital samples enables instant feedback and rapid decision-making because anyone anywhere can take part in garment editing and pricing discussions.

A true-to-life 3D sample increases the reliability of the decision. Using a digitally accurate 3D sample makes it easy to validate and finalize the design process across the organization
